

## Winter Edition 2020

Happy Birthday Winter Babies!!  
Hope you celebration is/was the best!

Winter birthdays can sometimes be hard to plan because you may have a few less options with weather.  
(ie: Too cold to go outside! {At least in Missouri}).

Click [HERE](#) for some theme ideas that are fun in the winter!

**Sneak Peek!**

Cute new theme coming to the shop soon! Perfect for your little girl's ice skating birthday party! A great winter theme!

**Big Trucks like to Party too!**

My nephew turned 3 on Christmas Eve, the little guy I mention in [THIS post about mixing birthdays with holidays!](#) He adores trucks – especially garbage trucks! My sister planned his birthday party at a local fire station so I created a special truck themed invite and décor that incorporated fire trucks with his beloved garbage truck! Trucks like to Party too!

This is a great example of how you can use custom printables at any location – not just your home! I created a whole party set – and she was able to use the birthday banner, decorative truck banner, party circles and the welcome sign. Just with a little (not too sticky) tape! **Click HERE** to see the party details and fun printables!
